PROFILE

I am a Full Stack Developer with a professional background in Communications and Public Relations. I am pursuing a career transformation because I love problem solving and web design. I am hoping to work in the tech or creative industry, where I am able to utilize my web development and digital communications skills.

EXPERIENCE

Public Relations & Education Coordinator | Association of Registered Graphic Designers (RGD)

APRIL 2019 - MARCH 2020, TORONTO, ON

- Successfully programmed and moderated weekly webinars with an audience ranging from 40-100 designers
- Managed website content and social media
- Coordinated engaging networking events, portfolio reviews, designathon
- Stage managed their annual DesignThinkers conference

Communications Assistant | Seneca Student Federation

JAN 2019 - APRIL 2019, TORONTO, ON

- Managed communication between student council and students
- Developed a social media campaign to improve external communications

Mail Associate/Administration | Foresters Financial

NOVEMBER 2017 - AUGUST 2018, TORONTO, ON

- Project managed the office's budget to improve the returned mail process
- Demonstrated punctuality and organization by ensuring clients received accurate life insurance records on time
